Information

Student Details	
Student Name	: Anisur Rahaman Maruf
Student ID	: 222902078
Batch & Section	: 223_MF
Program	: CSE(Regular)
Academic Supervisor Name	: Ms. Mayeesha Farjana
Academic Supervisor Post	: Lecturer, Dept. of CSE

Organization Details	
Organization Name	: O'Dell Tech Ltd
Industrial Supervisor Name	: Nusrat Jahan
Industrial Supervisor Post	: Data Scientist
Address	: Road 10, Avenue 11, Mirpur DOHS, Dhaka
Phone Number	: 01969017576
Email	: nusratadiba88@gmail.com

Confirmation by the Industrial Supervisor
I hereby certified that the student as for named above has reported to undergo industrial training at O'Dell Tech Ltd starting on 16 August 2026. Supervisor's signature and official stamp: Date:

Weekly Log Sheet 1

(N.B.: Weekly signed by both supervisors)

Student Name	: Anisur Rahaman Maruf
Student ID	: 222902078
Academic Supervisor	: Ms. Mayeesha Farjana
Industrial Supervisor	: Nusrat Jahan

Date	Weekly Duties and Activities	Hours	
16 Aug 2026	Introduced ourselves to the O'dell Tech team. Learned about the organization and our internship goals. We also met with our supervisor to understand the daily reporting process.	In Out Total	: 9:45 AM : 2:00 PM : 4h 15m
17 Aug 2026	Work was distributed among the team for the POS system roject. I took the responsibility of planning the front-end design and visual layout. I started analyzing the basic color schemes and typography for the brand.	In Out Total	: 9:55 AM : 2:00 PM : 4h 5m
18 Aug 2026	Watched some video tutorials provided by the team to learn about Claude and how to use it for automation tasks. These videos helped me understand how AI can speed up our daily workflow.	In Out Total	: 9:50 AM : 2:00 PM : 4h 10m
19 Aug 2026	Started working on my first automation task using Claude. Discussed the requirements with the team. I wrote some basic prompts to see how the AI responds to different instructions.	In Out Total	: 10:05 AM : 4:00 PM : 5h 55m
20 Aug 2026	Planned the visual layout for a short task management project so the developers could start their work. I made sure to include all the necessary input fields and buttons in the design.	In Out Total	: 10:05 AM : 4:00 PM : 5h 55m
Total Weekly Hours			24h 20 m

Weekly Log Sheet 2

(N.B.: Weekly signed by both supervisors)

Student Name	: Anisur Rahaman Maruf
Student ID	: 222902078
Academic Supervisor	: Ms. Mayeesha Farjana
Industrial Supervisor	: Nusrat Jahan

Date	Weekly Duties and Activities	Hours	
23 Aug 2026	Completed the interface design for the task management system and helped the team understand the user flow. We had a brief meeting to clear up any confusion about the layout.	In Out Total	: 9:45 AM : 3:00 PM : 5h 15m
24 Aug 2026	Finished my first Claude automation task. Also helped the developers test the front-end features of the task management system. It was a great experience to see my designs successfully converted into working code.	In Out Total	: 10:15 AM : 2:00 PM : 3h 45m
25 Aug 2026	Reviewed the final look of the task management project to ensure it perfectly matched the initial design ideas. I pointed out a few alignment issues and helped the developers fix them.	In Out Total	: 9:50 AM : 2:00 PM : 4h 10m
27 Aug 2026	Joined the meeting about the POS system project. Discussed the system workflow and how the screens should look for the users. I took notes on what specific features the client wants to highlight on the main dashboard.	In Out Total	: 10:05 AM : 2:00 PM : 3h 55m
-	-	In Out Total	
Total Weekly Hours			17h 5m

Weekly Log Sheet 3

(N.B.: Weekly signed by both supervisors)

Student Name	: Anisur Rahaman Maruf
Student ID	: 222902078
Academic Supervisor	: Ms. Mayeesha Farjana
Industrial Supervisor	: Nusrat Jahan

Date	Weekly Duties and Activities	Hours	
30 Aug 2026	Worked on the main layout and visual structure for the POS system. Focused on making a simple and user-friendly interface. I researched some modern POS systems to get inspiration for a clean look.	In Out Total	: 9:55 AM : 3:00 PM : 5h 15m
31 Aug 2026	Helped the team prepare the Business Requirement Specification (BRS) by giving ideas on how the application should visually function. My input mainly focused on the user journey from login to final checkout.	In Out Total	: 9:55 AM : 3:00 PM : 5h 5m
01 Sept 2026	Delivered the initial design assets and color codes to the developers. Started working on my second Claude automation task. This new task required more complex logic and better prompt engineering.	In Out Total	: 10:05 AM : 3:00 PM : 5h 10m
02 Sept 2026	Planned the screens for the product management module and collaborated with developers for the front-end code. I made sure the product image gallery and description sections were easy to navigate.	In Out Total	: 10:00 AM : 4:00 PM : 5h 55m
-	-	In Out Total	: : :
Total Weekly Hours			21h 25m

Weekly Log Sheet 4

(N.B.: Weekly signed by both supervisors)

Student Name	: Anisur Rahaman Maruf
Student ID	: 222902078
Academic Supervisor	: Ms. Mayeesha Farjana
Industrial Supervisor	: Nusrat Jahan

Date	Weekly Duties and Activities	Hours	
08 Sept 2026	Structured the visual layout for customer and employee management sections. Continued working on my second automation task. I tested different variations of the prompts to get the most accurate automated results.	In Out Total	: 10:00 AM : 3:00 PM : 5h 0m
09 Sept 2026	Designed the front-end screens for the sales module, including product selection and shopping cart pages. I placed the checkout button in a highly visible area to improve user experience.	In Out Total	: 9:55 AM : 4:00 PM : 6h 0m
10 Sept 2026	Finalized the visual presentation of the inventory and stock management interface. Completed my second Claude automation task successfully. I showed the automated output to my supervisor, and they were very happy with the result.	In Out Total	: 9:55 AM : 2:00 PM : 3h 55m
13 Sept 2026	Tested the complete POS system with the team. Found some visual bugs and helped to improve the overall presentation. We checked the system on different screen sizes to ensure it was fully responsive.	In Out Total	: 9:55 AM : 3:00 PM : 5h 5m
-	-	In Out Total	
Total Weekly Hours			20h 0m

Weekly Log Sheet 5

(N.B.: Weekly signed by both supervisors)

Student Name	: Anisur Rahaman Maruf
Student ID	: 222902078
Academic Supervisor	: Ms. Mayeesha Farjana
Industrial Supervisor	: Nusrat Jahan

Date	Weekly Duties and Activities	Hours	
14 Sept 2026	Helped the development team with final layout adjustments and checked if all pages were responsive. We made a few changes to the font sizes for better mobile viewing.	In Out Total	: 10:00 AM : 3:00 PM : 5h 0m
15 Sept 2026	Participated in QA testing of the POS system. Checked all modules to ensure there were no design or layout problems. I created a list of minor visual bugs and helped the team resolve them quickly.	In Out Total	: 9:45 AM : 3:00 PM : 5h 15m
16 Sept 2026	Shared my Claude experience to help the team implement automated data handling in the POS system. I explained how specific prompts can filter and manage data much faster.	In Out Total	: 9:55 AM : 3:00 PM : 4h 55m
19 Sept 2026	Prepared and presented the final project to the O'dell Tech team. Explained my layout design process and automation work. The presentation went very well and everyone appreciated our teamwork.	In Out Total	: 9:45 AM : 1:00 PM : 3h 15m
-	-	In Out Total	
Total Weekly Hours			18h 45m
